

Day 9 - Random Act of Christmas Kindness - Food

Day 9 - *Random Act of Christmas Kindness* probably brought a smile to someone's face! Let's fact it, buying groceries is not always the most pleasant job! As I was buying groceries tonight in HyVee, I passed a gift card (along with my Random Act of Christmas Kindness card) to the cashier and asked him to use the gift card for a "random someone." No one was behind me in the checkout line so I wasn't able to pay for the person behind me. Needless to say, he had a puzzled look on his face and was having a hard time comprehending what I was doing. His reaction was actually quite amusing! I just told him it was okay!

I do have another HyVee gift card and will probably give it to some unsuspecting person next week!
